MEMORANDUM

TO: All Residents
FROM: Jennifer Whitten
DATE: October 7, 2024

ARBOR TRACE IS UNDER A MANDATORY EVACUATION.
Collier County has issued Mandatory evacuations for zone A and B. Arbor Trace resides in zone A. I urge everyone to heed the county warnings and evacuate.
Updates on the community will be put on the website as long as we have power, given on Facebook (ArborTraceSeniorLivingNaplesFl) and by email and paper as we can. Remember things can be replaced, your lives can not.

If the main number **239-598-2929** is not working, you can reach the Clubhouse by calling **239-371-6862** or **239-634-0793** until such time that normal phone service is restored. These are Cell phones, please feel free to text but leave these lines open for **emergencies**. Please note that Arbor Glen staff or Emergency Services (Fire Dept, EMS) will not be able to respond to any medical emergencies during the height of the storm if it is unsafe for them to do so. It is also important to note that without power our emergency response system is not fully functional. The pull cord devices in everyone's unit will work. However, the emergency pendants will not show us your location. So, please rely on the pull cords until power is restored.
