Hurricane Preparedness

Be prepared this hurricane season by attending our Annual Hurricane Preparedness Meeting on Wednesday, June 24th at 2:00 p.m. in the Gathering Place. A representative from Collier County Emergency Management will be on hand to provide valuable information on storm preparedness, emergency response procedures, evacuation planning, and how the county responds during severe weather events. This is an excellent opportunity to learn practical tips, ask questions, and ensure you are ready for the season ahead. All residents are encouraged to attend.

Father's Day

Celebrate Father's Day with a special brunch on Sunday, June 21st at noon. Gather with family and friends to enjoy a delicious meal and honor all the wonderful fathers, grandfathers and great grandfathers in our community. Reservations are required, so please call the Dining Room now to reserve your table. We look forward to celebrating with you!

Meal Plans

Beginning June 1, your new meal plan will go into effect. For reference, the minimum meal plan includes 10 meals per month, issued in full at the start of each month — 120 meals annually for single residents and 240 meals annually for double residents. Please note that some residents may have different meal plan selections.

Your full monthly meal allotment will be credited to your account on June 1. Meals are billed monthly through your Arbor Pointe Management statement at the established rate of 10 meals per month. If all allotted meals are used, any additional meals will be charged at the current rate of $25 per meal.

If you have any questions regarding your meal plan or account balance, please contact Kimberly Figueroa.

Notes from the Director:

June 1st marks the official beginning of the 2026 Atlantic hurricane season.
Anyone dependent upon an oxygen concentrator or other medical devices that requires electricity should absolutely have a plan for what you will do in the event a hurricane is headed our way. Even with a minimal hurricane or tropical storm, electrical power may be disrupted, possibly for days. The emergency generators in our community only power the elevators, emergency lighting and a few hallway receptacles. The villas in Arbor Trace have no generators at all.

Any resident of Arbor Trace or Tower Pointe, that considers Arbor Glen as part of their back-up plan, should be aware that Arbor Glen can only provide care for up to 32 residents.
Please remember the fact that we close Arbor Glen to new admissions 72 hours before any projected landfall of a hurricane in our immediate vicinity. At that point we are busy making sure we have ample medications, food, water and staffing to safely meet the needs of those residents already in our care.

Something else to consider for those living in independent living, who plan to stay in the community in the event of a hurricane, know that we may need to evacuate Arbor Glen residents to another facility if the threat is severe enough to warrant an evacuation. If this is the case, there will be no nursing personnel on hand to respond to your medical emergencies should one arise, as they must go with the Arbor Glen residents to whatever site we evacuate to. Even if we do not wind up evacuating Arbor Glen, you need to realize that in the event of even tropical storm force winds we cannot dispatch nurses to your residence, if it puts them in harm's way. This also holds true for County Emergency Medical personnel, as they may not be able to respond to medical emergencies if sustained winds make it unsafe for them to be on the road.

Although your plan may change as Hurricane season progresses, returning your completed hurricane form is very important. I would like to stress again how important it is that you take personal responsibility for your safety and welfare and have a plan.

Best,

Jennifer Whitten
Executive Director

In Memoriam - Gunther H. Luhrs

We are saddened to hear the sudden passing of our dear resident Gunther H. Luhrs this month. He generously dedicated his time and efforts to help our community be a better place to live and offered many ideas and suggestions. Gunther was a Secretary on the Board of Directors of Tower Pointe as well as serving on the Building and Grounds Committee. You probably would see Gunther either in the Monday morning men's coffee, playing pickleball, putting on the green and collecting the stats, playing bocce ball, sailing his remote control sailboat, or walking 2 to 3 times a day around the complex. He would always greet you with a smile. The Arbor Trace community will certainly miss him.—Christine Gill

Meet Bill and Pat Kurzenberger

Bill and Pat moved to Arbor Trace almost a year ago after hearing about our community from a friend whose husband was in Arbor Glen. After they saw a spacious and light-filled condo on Tower Pointe's southside they didn't look anywhere else, moving here from Bay Colony in Naples where they'd lived for twenty years.

Pat began life in Hawaii where her military family was stationed and spent her junior and senior high years in Japan. But her college years were in Cincinnati, Ohio where she attended the College of Mt. St. Joseph, an all-girls Catholic school. Bill attended nearby Xavier College an all-boys Catholic School. When Pat was a freshman and Bill a sophomore they met at a mixer, became college sweethearts, and were married after graduation.

Pat's first job was with Ohio Bell as a service representative and executive secretary. She took time out from work when their two sons were born and did volunteer work with a shelter for abandoned and abused children and the PTA. Later she worked for Continental Airlines in the Marketing Department. In addition to their sons, they have three grandchildren, all in Ohio.

After graduation, Bill helped his father with his butcher shop and small business supplying products to the meat packing industry and restaurants. Later with expansion, the concentration was on supplying restaurants. When Bill's partner who was older decided to retire, Bill retired as well at 49.

The couple traveled extensively to all of Europe, Alaska, Tahiti, Bora Bora, Mexico, Cuba, and to many destinations in the United States. During this time, they were living in Naples at Park Shore but later moved to Bay Colony. Bill enjoys golfing at Pelican Bay, biking and running for an hour most days and reading mysteries. Pat's activities include playing mahjongg and reading both fiction and non-fiction. She is a member of our book club.

When I asked what they like about being here, Bill said "It's the quiet. At Bay Colony there were always so many people. Here it's easy and calm." Pat loves "having restaurant style meals available so they can be eaten in their condo. After 57 years I don't have to cook and it's really good food." Welcome Kurzenbergers!

FUN FILLED MAY

THE BOOK CORNER: **Call for Books:** The Book Discussion group is beginning to look at books to read as we start our new year in October. We rely on residents for input, even if they don't join the discussions. We have many readers; will you help us out? There is a basket in the library (on table near green chairs) for your ideas...or give to Sandy...or drop in Sexton folder in the Tower. We thank you!! **New Chairs!** The TP library thanks our House and Building and Grounds Committees for the new chairs. They are much easier to move around—and look great. **Summer heat keeping you inside?** Your two libraries offer comfortable seating and pleasant surroundings for reading a book or newspaper, playing a game with friends or doing a puzzle. **June Book Discussion:** "The Extraordinary Life of Sam Hell" by Robert Dugoni. Follow Sam's story—a boy born with ocular albinism who faces difficulties and perseveres—as recalled by the 40-year old Sam. And then his saga takes another turn. The discussion is on **Friday, June 19 at 1:00 p.m .** in the Tower Gathering Place. Need a book or have questions? Contact Karen Sexton or Sandy Steinbach. **Looking ahead to future discussions:** July: "The Berry Pickers" by Amanda Peter and August: "The Martha's Vineyard Beach and Book Club" by Martha Kelly.—Karen Sexton
